

PRO BLUE

LAUNDRY POWDER

CHARGED WITH PRO-ACTIVE BACTERIA AND ENZYMES

“PRO BLUE” IS A NEW GENERATION CLEANING RANGE FORMULATED WITH BIOLOGICAL ACTIVES SUCH AS PRO-ACTIVE BACTERIA AND ENZYMES DERIVED FROM BACTERIA.

PRO BLUE LAUNDRY POWDER is formulated with biological actives comprised of pro-active bacteria and enzymes derived from bacteria. Contains a special selection of plant based detergents, grease cutters, enzymes and an army of ‘pro-biotic’ species of live bacteria for the removal of general soils, tough stains and pathogens.

This product is specially formulated to provide excellent results in all water conditions, both hot and cold, commercial and domestic machines - both top

loaders and front loaders. Contains water softeners to allow it to work better and quicker in hard and soft water, optical brighteners to ensure maximum whiteness retention and brightness, and a built in fabric softener.

PRO BLUE LAUNDRY POWDER is safe to use in all domestic washing machines, however, it’s a dense concentrated product, so care should be taken to avoid excessive usage.

PRO BLUE LAUNDRY POWDER IS

- ✓ Readily biodegradable.
- ✓ Charged with pro-active bacteria.
- ✓ Keeps working within the washing machine to maintain hygiene long after the cycle finishes.
- ✓ Eliminates odours
- ✓ Grey water safe - breaks down, safe for the garden.
- ✓ Septic safe - designed to be used in conventional septs, waste water treatment plants, and greywater systems.
- ✓ User friendly - no corrosives.
- ✓ Non-DG labelling.
- ✓ Phosphate free.
- ✓ Loaded with aromatic fragrance.
- ✓ Low VOC (Volatile Organic Carbon <1.0%).
- ✓ Value for money - concentrated formulation.
- ✓ A unique blend of “green” surfactants, scale inhibitors, fragrance oils, enzymes and live bacteria endospores for optimum results.

CHARGED WITH PRO-ACTIVE BACTERIA AND ENZYMES

DIRECTIONS FOR USE
