The Duop™: Dual Option Cleaning System

The Duop™ (pronounced Doo Wop) is a revolutionary Dual Option Cleaning System – it can be used both by hand or with the optional extension handles.

Duop was developed for professional cleaners to help reduce common repetitive injuries, caused by bending knees and wrist flexion.

Duop created a tool which not only reduces injury risk, but also makes cleaning dramatically faster and easier.

One cleaning tool – infinite uses.

By reinventing the mop hinge, Duop can do multiple cleaning jobs – saving you time, money and effort.

360° versatility.

Duop's quickball system grips the cleaning frame in any position you need. This allows you to clean not only floors, but also vertical, curved and overhead surfaces.

Professional Series

The Duop™: Dual Option Cleaning System

Faster wiping, more scrubbing power.

The quickball becomes a comfortable handle for scrubbing and wiping. The duop head cleans up to 10 times more area per swipe than rags and sponges, while keeping your hand away from the dirt and germs.

Trap dirt, dust, hair, and pollen with re-usable microfibre.

The microfibre pads can be used both damp and dry. They work with water alone or with a cleaning solution. Once it's dirty, peel it off, wash it, and re-use it. Washable and reusable up to 500 times.

Interchange the cleaning head to fit your task and reduce contamination.

Tailor the Duop to suit your needs or keep one head for the bathroom, one for the kitchen, and one for dusting.

Duop is self-standing.

No need to lean it against a wall or hang it up. Just set the handle straight and walk away.

Microfibre Glass Cleaning Pads

A professional grade microfibre pad for collecting dust, dirt, allergens and bacteria. Duop glass cleaning pads can be used wet or dry and are machine washable and reusable – up to 100 times.*

Duop glass cleaning pads are manufactured using a low pile microfibre to minimise streaking when cleaning glass and other smooth surfaces. Ideal for cleaning and polishing windows, mirrors and other smooth surfaces.

Available in three sizes:

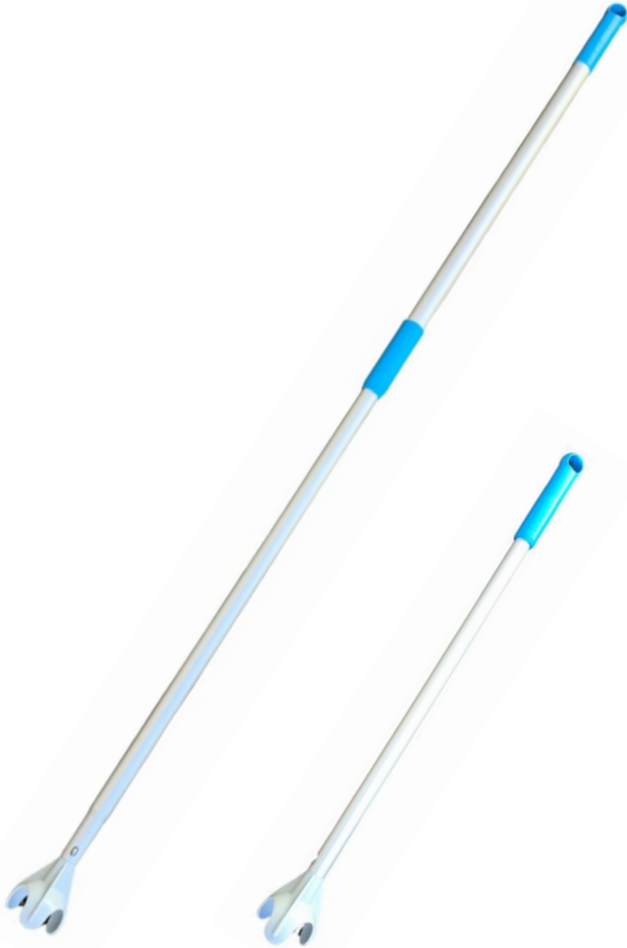

- Small 18cm x 18cm
- Medium 26cm x 15cm
- Large 40cm x 16cm
