

VALENCIA

Multipurpose Orange Oil Cleaner Concentrate

Contains: Alkaline Salts < 10% w/v

Valencia is a new generation cleaner containing no free Caustic Soda, no Icinol/Glycol solvents - no biologically "hard" ingredients.

Valencia is a powerful anionic concentrate specially developed to optimise cleaning performance. By utilising some recent technological advances in Surfactant Chemistry, Valencia is formulated with the ideal balance of surface active agents. It rapidly penetrates the toughest soils, breaking the bonds with a surface and prevents any soil redeposition. The inclusion of natural orange oil boosts solvency even further.

Valencia is a multipurpose cleaner that will remove grease and grime from walls, tabletops, furniture, floors, doors, motor vehicles, plastic surfaces, laminates, refrigerators, stoves, tiles, sinks, cupboards, venetians, window and door surrounds, toys, playpens, sports gear, barbecues, pots and pans, showers, toilets and a multitude of other surfaces. Valencia is a particularly good degreaser and finds applications as a general "spray and wipe" cleaner, automotive degreaser, steam cleaner, concrete floor cleaner, laundry pre-spotter. Being a food safe formulation, it is ideal as a kitchen degreaser. No caustic means Valencia is totally safe on aluminium and magnesium alloys.

Valencia Multipurpose Cleaner:

- ✓ A unique blend of cleaning agents & orange oil for optimum results
- ✓ No caustics, no glycol ethers or hydrocarbons
- ✓ Phosphate free
- ✓ Bio-degradable
- ✓ Performs in hot or cold water
- ✓ Designed to handle hard water
- ✓ For domestic or commercial use
- ✓ Loaded with natural orange oil
- ✓ Concentrated - value for money

VALENCIA MULTIPURPOSE ORANGE OIL CLEANER

LOADED WITH NATURAL ORANGE OIL

Directions for Use:

Simply dilute to required rate with water, spray onto surface then wipe clean with a damp cloth. For stubborn stains, agitate with a brush and leave for longer before rinsing off. Rinse food processing surfaces with potable water.

Degreasing - Dilute up to 1:3 with water, either by brush or spray equipment, leaving for 5 - 10 minutes and hose off with high pressure water.

Grease Encrusted Floors- Apply at 1:5 with brush or broom, leave for 10-15 minutes, repeat brushing and hose off with water. For light duty floor mopping, dilute 1:50 with water.

General Cleaning as 'Spray n Wipe' - Use from 1:30 to 1:100 dilution with water, depending on soil and the job.
