

METHYLATED SPIRITS

Contains: Ethanol > 95%

Methylated Spirits is a denatured alcohol and is a very versatile household cleaning agent. Common uses include hard surface cleaning, disinfecting, window, mirror and glass cleaning.

Methylated Spirits is also used as a heating fuel for table burners and fuel stoves, removing sticker residue, thinning paints, cleaning paint brushes and as a windscreen additive.

Methylated Spirits:

- ✓ Versatile household cleaning agent
- ✓ Highly cost effective, non smearing cleaner & disinfectant
- ✓ Efficient, clean, burner fuel
- ✓ Excellent grease solvent
- ✓ Both water and solvent soluble
- ✓ Evaporates quickly to leave no residue
- ✓ Miscible in water and hydrocarbon solvents

Methylated Spirits

VERSATILE HOUSEHOLD CLEANING AGENT

Directions for Use:

Methylated Spirits can be used undiluted or diluted with water (50%) as a general cleaner for glass, ceramic tiles, bathrooms, kitchens, sinks, fridges and toilets. It can also be used as a heavy duty disinfectant.

Methylated Spirits can be used as a burner fuel. Fill the spirits burner **ONLY** when flame is extinguished and burner has cooled.

Methylated Spirits can be used as a stain remover. Can be used undiluted or diluted (depending on stains). Spot test on a small, inconspicuous area to ensure product does not stain.

Methylated Spirits can be used as a windscreen washer additive. Just add 100ml into washer tank and top off with water.
