

## SOLVENTS & THINNERS

# Diggers Mineral Turpentine

## DESCRIPTION

**Diggers Mineral Turpentine** is a solvent commonly used for thinning oil-based paints and cleaning paint brushes and equipment after painting.

## TYPICAL USES

- Thinning oil-based paint
- Thinning **Diggers Linseed Oil** (Raw and Pale Boiled)
- Removing wax and polish
- Cleaning paint brushes and equipment

## FEATURES

- White-spirit hydrocarbon solvent
- Cost-effective

## APPLICATION

### Thinning Oil-Based Paint

- To achieve optimum results always follow paint manufacturer's directions when thinning paint.

### Thinning Linseed Oil (Raw and Pale Boiled)

- Mix **Diggers Linseed Oil** 50:50 with **Diggers Mineral Turpentine** for increased timber protection.

### Removing Waxes and Polishes

- Always test on a small area first. Use direct from the bottle. Saturate a lint free cloth with **Diggers Mineral Turpentine** and wipe in one direction to remove containments from surface. Use a clean part of the cloth for each wipe. For vertical surfaces start at the top and work downwards.

### Cleaning Paint Brushes

- Place brush in jar with **Diggers Mineral Turpentine**, squeeze out paint and rinse with strong soapy water.

**HINT:** When cutting glass, dip the cutter wheel in **Diggers Mineral Turpentine** prior to cutting – this lubricates the cutting wheel and produces a cleaner cut.

## SAFETY

Wear suitable protective clothing, gloves and eye/face protection when using this product.

## Typical Characteristics

Appearance .....colourless liquid  
Specific Gravity..... 0.78–0.82  
Flash Point.....31°C  
Boiling Point.....148–200°C  
Auto Ignition Point..... ~300°C
