

eco bamboo Wipes

information guide

Made in New Zealand in an off-grid facility

- NEW eco fully recyclable packaging, including the NEW flip-and-close lock away recyclable lid. Our beautiful wipes have been adorned with stunning Australian Artist designed watercolour artwork.
- Our signature 100% Bamboo is used in the eco bamboo wipes. Well moistened and extremely strong. You won't be accidentally tearing eco bamboo wipes. No fluff left on baby either.
- Dermatologically, clinically tested and hypoallergenic. Perfect for hands, face and body and the clear choice for sensitive areas.
- No nasties, alcohols or fragrances. Complete with our Natural Japanese soybean amino acid (natural) preservative makes eco Bamboo wipes the safest and 100% natural, biodegradable and compostable wipe at a competitive price on the market. A premium 100% Bamboo wipe at \$5.95 per 80 pack price.
- 80 individual 100% Premium Bamboo wipes. 20x16cm.
- NEW eco flip-up and-close lock away lid, to seal in the moisture and allows you to pull 1 wipe at a time. The NEW eco lid also helps avoid wipes drying out and the packet splitting. Our NEW eco lid is biodegradable and just another way we make sure that we are caring for our earth.
- Eco wipes by Luvme are made in New Zealand and choose renewable energy for our production, we offset our carbon footprint by choosing an off-grid manufacturer.
- Ingredients**
100% Natural Bamboo fibre, Purified NZ water, Glycerin (vegetable), Aloe Barbadensis Leaf Juice, Citric Acid (Lemon extract), Natural Soybean Amino Acid, Tocopherol (vitamin E).
