

PROFESSIONAL SOLUTIONS

PEARLY LIQUID HAND SOAP

Liquid Hand Wash - For Dispensers

Pearly Hand Soap is a pearly thick liquid prepared from mild ingredients for hand hygiene and protection.

Pearly Hand Soap is pH balanced - your skin has a natural, slightly acidic moisture layer which inhibits the growth of harmful bacteria. Typical alkaline soap products destroy this layer, leaving skin feeling dry.

Liquid Hand Soap is ideally suited to cleaning hands in food preparation operations, restaurants, farms, garden nurseries, child care centres, bathroom amenities and great for use around the home.
