

PEERSOL Chlorinated Powder Bleach

PRODUCT INFORMATION SHEET

DESCRIPTION:

PEERSOL is a concentrated chlorine powder for de-staining, sanitizing and whitening.

Use PEERSOL for removing tannin staining on china, porcelain, stainless steel, melamine, tea/coffee cups, spoons and teapots. Use for removal of mould spores and fungal control, and tile and grout cleaning.

PEERSOL may also be used for vegetable sanitation.

FEATURES AND BENEFITS:

- Removes tannin staining from a variety of surfaces
- Use for mould and fungal control
- Clean and de-stain Bain-maries, sinks, baths, basins, bedpans, tiles and grouting.
- Use as a vegetable sanitizer
- Contains chlorine

TECHNICAL INFORMATION:

Appearance	Pink Powder
Odour	Slight Chlorine
Specific Gravity	1.00
Solubility in Water	20g per 100g of water at 20 °C

USE:

Cleaning, Mould Control and De-staining:

Mix PEERSOL at the rate of 20grams to 1 litre of hot water. Wearing rubber gloves soak items for 15 minutes to de-stain, or swab surface and assist cleaning with pad or brush.

Rinse with clean water and dry.

Food contact surfaces cleaned with PEERSOL should be rinsed with potable water before use.

Vegetable Sanitation:

Mix PEERSOL at the rate of 1.5grams to 1 litre of cold water (to reach a chlorine level of 50ppm).

Soak vegetables for 2 minutes and allow to drain well.

SAFETY: Contact with acids liberates toxic gas. Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.

Keep out of reach of children. Read label before use. Avoid breathing dust, fume, gas, mist, vapours or spray. Wash hands, face and all exposed skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective clothing, gloves, eye/face protection and suitable respirator.
