Infosafe No™ 5GEU7 Issue Date : January 2017 ISSUED Status :

Product Name BioProtect COMMERCIAL GRADE DISINFECTANT

Not classified as hazardous

Hazards from Combustion

This product is non-combustible. Fumes of decomposition products may be toxic

and irritating.

Products

6. Accidental release measures

Avoid concentrated spillage from entering drains or watercourse. Remove for Spills & Disposal

disposal in accordance with local waste management. Use suitable containers

for disposal.

No special requirements under normal use conditions. Personal Protection

Environmental

Review local regulations before release to the environment.

Precautions

7. Handling and storage

Precautions for Safe Handling

When not being used, the product containers should be stored upright, and secured with the original closure. If transfer to another container becomes necessary ensure that the container is clearly labelled, the container is of a type suitable for the product, and is clean and free of other materials. Do not eat, drink or smoke in contaminated areas. Before eating, drinking or smoking, wash hands and remove contaminated clothing.

Additional information on precautions for use Always use clean and dry equipment to dispense the product. Dispensers should be cleaned before and after use. All dispensers should be washed out after

use.

8. Exposure controls/personal protection

Occupational exposure limit values

SWA exposure limits: None established

Biological Limit None established

Values

Appropriate engineering controls

Ensure that adequate ventilation is provided. Maintain air concentrations below recommended exposure standards. Avoid generating and inhaling mists.

Keep containers closed when not in use.

Personal Protective

Equipment

Flash Point

Use sensible work practices that reduce operator exposure to the product.

9. Physical and chemical properties

Form Liquid

Clear, colourless liquid Appearance

Odour Eucalyptus

approximately 100°C **Boiling Point** Miscible with water Solubility in Water $0.99 - 1.01 \, \text{g/ml}$ **Specific Gravity**

none

6.0 - 7.0Hα

Non flammable **Flammability**

10. Stability and reactivity

Use only as directed. Store in accordance with directions given in Section 7 **Conditions to Avoid**

(Handling and storage) of this MSDS.

This material is stable under normal conditions of storage and use. Possibility of

hazardous reactions

Other Information Store in a cool, dry place

11. Toxicological Information

Will cause discomfort & irritation, possibly nausea Ingestion

Print Date: 31/01/2017 CS: 2.2.2

Safety Data Sheet

Page: 3 of 3

Product Name BioProtect COMMERCIAL GRADE DISINFECTANT

Not classified as hazardous

Inhalation of fine mists cause irritation to the respiratory tract and nasal

passages.

Skin Prolonged contact should not cause problems. Seek medical advice if allergic

reactions develop.

Eye Will cause irritation and reddening.

Chronic Effects No long-term exposure effects are known.

12. Ecological information

Ecotoxicity No data is available on the product itself.

Calculated data indicates that the product may be toxic to some aquatic

organisms.

13. Disposal considerations

Disposal Remove for disposal in accordance with local waste management regulations.

Considerations Dilute well with water before discharge.

14. Transport information

Transport Not classified as a Dangerous Good according to the Australian Code for the

Information Transport of Dangerous Goods by Road and Rail.

15. Regulatory information

Poisons Schedule Not Scheduled

AICS (Australia) All ingredients listed

Other Information Caution - product not yet tested completely.

16. Other Information

Other Information MSDS version: 1

Reason for revision: New product

DO NOT MIX WITH OTHER CHEMICALS WITHOUT PRIOR CONSULTATION WITH THE MANUFACTURER. Always use product as directed. Never return any unused material to original drum.
